

WHAT WOULD YOU DO WITH \$1,000,000?

move to a tropical paradise?
buy a Ferrari?
travel the world?

Someone with a bachelor's degree earns
\$1 million dollars more over his or her
lifetime than a high school graduate.

WHAT'S STOPPING YOU FROM GOING BACK TO SCHOOL?

MONEY? There's help out there—government and private loans, grants & scholarships.

FAMILY? They should be what drives you, not holds you back! They will be proud of you.

MATH? Yeah, math can be hard, but there's help — Math labs at college, tutoring and online help.

FEAR? AGE? DISABILITY? You can do it. There are many like you who are already doing it.

LACK OF TIME? We all need more time. But the effort to get your degree will be worth it.

ARE YOU A VETERAN OR RELATED TO ONE? You may receive an education benefit of up to 150 hours of tuition and fee exemptions at state supported college or universities.

dear future Me,
In 2012 Captain Planet will be president. Everyone will drive spaceships and only eat Cheerios. You will go to college, become famous and invent the first time machine. You will have a pet hippopotamus named Walter and you will be the first human to live under water and... that mermaids.

We all had silly childhood dreams.

Going to college isn't one of them.

WHAT'S HOLDING YOU BACK?

MONEY? There's help out there -- government and private loans, grants & scholarships.

Life's events don't always fit onto a neat timeline. Luckily things don't have to be in perfect order.

It's never too late to get your degree.
